Cham islands are 15km from Cua Dai. There are seven islands altogether named according to their shape or characteristics. They are called Lao ( pear ), Dai ( long ), La ( leaf), Kho ( dry ),Tai ( ear ),Mo ( tomb ) and Nom ( East Wind ). They have good climate, cool the year round, trees and animals as well as marine life are plentiful here. On the island, there are precious bird nests while under the water, the coral is marvelous. There are also scenic spots around the island, such as Suoi Tinh ( Love stream), Suoi Ong ( Sir's stream ), Hon Chong ( Piled up rocks ),Hang Ba ( The lady's cave ). The island is also surrounded by very nice beaches with clean white sand and transparent, cool water.
